
THE STATE OF
ADDENBROOKE'S HOSPITAL

IN THE
TOWN OF CAMBRIDGE,

FOR THE YEAR ENDING MICHAELMAS
MDCCLXXXIII.

A short Account of the Rise and Progress of this Charity.

IN the year 1719, *John Addenbrooke*, M.D. gave, by will, all his personal estate, (after debts and legacies paid), to erect, or hire, and maintain a small Physical Hospital in *Cambridge*.

In *April* 1766, the Trustees of the said Hospital published the following state of their affairs:

" That the purchase of a garden, and of divers tenements,	£.	s.	d.
" for the site of the Hospital, amounted to	—	817	13 3
" That there had been expended in the building, and			
" about the ground,	—	3073	8 4½
" And in furniture,	—	119	1 5
" That by the above expences, some great losses, taxes,			
" and law-charges, their capital was then reduced to		1804	16 4*

They then offered the house and furniture to the Public, and hoped, that a number of voluntary Subscribers would be found sufficient to carry on so good a design.

On the 26th of *May*, 1766, there was a large meeting of the principal Gentlemen of the County, University, and Town; a handsome Subscription was entered into for the Support of a General Infirmary, a Committee appointed to prepare Rules for the Government of it, and a Treasurer and Secretary chosen.

July the 2d, 1766, *Dr. Addenbrooke's* Trustees offered to grant a lease of the house and ground for a long term to new Trustees to be nominated by the Subscribers: but upon laying this matter before the Hon. *Mr. Yorke*, he was of opinion, that the Trustees could not extend or vary *Dr. Addenbrooke's* plan, without an act of parliament. Application was therefore made the following session, and an act obtained "for establishing and well-governing a General Hospital, to be called **ADDENBROOKE'S HOSPITAL**, in the Town of *Cambridge*."

On the same 2d of *July*, it was agreed to open the Hospital for the reception of patients at *Michaelmas* following, and orders were given to prepare every thing for that purpose.

On *Monday, October* the 13th, 1766, the Hospital was opened, since which time the public has been regularly informed of its success.

* 1600l. of which was vested in the Public Funds, and the Remainder was laid out by the Trustees for the Use of the Hospital. This Sum by savings from Benefactions, &c. has been since increased to 4000 l.

* This Gentleman gave 100 £. in Benefaction to the Charity in 1781.

N.B. If any Benefactor or Subscriber shall find his name or addition by any oversight omitted or mistaken in the foregoing printed lists, it is hoped he will be kind enough to excuse it, and to signify such omission or mistake to the Secretary of the Hospital.

It being both difficult and expensive to procure a sufficient supply of old Linen for lint and dressings, a large quantity of which is required for the Patients, a present of this kind from any friend of the Charity will always be highly acceptable.

An Abstract of certain Rules and Orders which it may be proper to put the Contributors in mind of.

THAT there be a weekly meeting of Governors for the admission of Patients, &c. which shall consist of five at least, to meet every Monday, at Eleven o'Clock, at the Hospital.

That all Patients who come recommended to the Hospital, be there before Eleven o'Clock in the Morning on Mondays, or they cannot be admitted till the week following.

That all Subscriptions shall become due annually on *Michaelmas* day, to be paid in advance for the year following.

That no Subscriber's recommendation shall be accepted, after his Subscription is three months in arrear.*

That to all persons whose Subscriptions shall be three months in arrear, a monitory letter shall be sent to prevent further delay of payment.

Persons may recommend one In-Patient and two Out-Patients for every Guinea annually subscribed.

No Persons subscribing less than five Guineas a year can have more than one Patient in the house at a time. Those who subscribe five Guineas and upwards, annually, may have two.

It is taken for granted, that every Subscriber will continue his Subscription till the contrary is signified either to the Treasurer or Secretary of the Hospital by a Letter.

That every Subscriber that shall be three Years or upwards in Arrear be left out of the annual List.

All Parishes three Years or upwards in Arrear, are to be left out of the annual List, and are not to be permitted to renew their Subscriptions till their former Arrears are discharged.

††† In Conformity to the last two Orders 50*l.* 8*s.* has been struck off from the Arrears this year.

* It is highly to be wished, that the Subscribers would particularly attend to this, as their not doing it frequently puts the weekly Meeting to the disagreeable alternative, either of acting contrary to Rule, or running the hazard of offending a Contributor.
